Speaker Profile – Tommy Battle, Candidate for Mayor of Huntsville

Visit Mr. Battle's web-site at www.battlemayor.com where he states "Huntsville is on the verge of tremendous growth. Huntsville's promise is that this campaign is all about. We must have a vision for the future that includes everyone. As your mayor, I will work to manage our tax dollars wisely, improve and build new roads, support our schools and keep our neighborhoods safe. I believe by working together and building a solid plan for the future, we can make a difference".

Tommy Battle has the vision to shape Huntsville's future and the leadership to unit our city. Mr. Battle has been married to the former Eula Sammons for nineteen years. Eula is a retired Kindergarten teacher for the county schools; she was Madison County Teacher of the Year in 2000. They have one son, Andrew Joseph (Drew), who is a banker with Regions Bank in Birmingham.

Some of the issues he will be discussing are:

Eliminate Mismanagement and establish accountability

Support greenways and parks throughout the city

Develop an effective downtown revitalization

Stop City hall bureaucracy that burdens small business

Response to all citizens equally and fairly w/open communications
